

ASABE AIM – INDIANAPOLIS
July 12-15, 2026

OPENING GENERAL SESSION AND KEYNOTE ADDRESS

Monday, July 14 8:00 – 9:30 am

ASABE President Sherry Hunt welcomes you to the 2026 Annual International Meeting. Recognized at the general session will be ASABE trustees, along with Educational Aids Blue Ribbon, Superior Paper, and ITSC Paper awards, Outstanding Reviewers, retiring editors and associate editors, conference chair recognitions, and standards development honorees.

Following these recognitions, join us for a high-energy, forward-looking conversation that explores how the next generation connects, communicates, and thinks about challenges related to food agriculture, and natural resource systems. Through a candid, dynamic panel session, young leaders from the Indiana State FFA officer team will share powerful insights on how ASABE – and AIM attendees – can authentically engage emerging generation in a rapidly evolving digital and global landscape.

Uniquely positioned to bridge tradition with transformation, our guest panelists will interact with moderators and the live audience, delivering fresh perspectives and actionable takeaways for anyone invested in the future relevance, impact, and leadership of agricultural and biological engineering and technology.

The keynote panelists will be introduced by ASABE President-Elect, Travis Tsunemori.
